

# Sight-Guard™ Grille

## Hides Unsightly Objects in Walls and Ceilings From View

### 45° Angled Eggcrate

Traditional Eggcrate Grille

Sight-Guard prevents see through, from 3 directions

#### FUNCTION & PERFORMANCE

- Blocks view of objects in walls and ceilings
- No secondary accessories needed
  - saves you time & money
- 92% free area, same as traditional eggcrate grilles
- Eggcrate is securely locked into unique "frame channel"
  - no rattling, squeaking, or vibrations
- All aluminum constructions, strong frame and core

Install in ceiling with 45° angled blades pointing to nearest wall. When installing in walls, point blades toward the ceiling.

#### APPEARANCE & PACKAGING

- Consistent smooth and even finish
  - electrostatically powder coated for hard finish
  - industry standard "British White"
- Sealed corner seams
  - no unsightly gaps or rough edges to collect dirt
- Micro-welded neck corners
- Individually shrink wrapped
  - keeps finish scratch-free and dust-free
- Corner guards protect against damage
  - reducing returns and scrap
- Shipped in master cartons of 10 - 40 grilles
  - this means fewer cartons, reducing your handling costs

The static pressures are in inches water gauge and all values are negative  
 The NC data is based on a room absorption of 10 dB  
 Measured per ANSI/ASHRAE Standard 70-2006
